Dear Mr Bennett

On behalf of Alzheimer's Australia NSW, I would like to thank you for your generous donation which helps us provide support to the increasing number of people living with dementia, their carers and families.

Dementia is common. Over 200,000 people have Alzheimer's disease or other forms of dementia. Approximately 1,000 new cases are diagnosed each week. As well, thousands of family members are affected.

Because there is not yet a cure, the best "treatment" our organisation has provided since 1982 is support and education services, including the National Dementia Help Line, support groups across NSW, counselling, carer education and library resources.

Our services are free, and thousands use them. Even so, we are still only able to reach a minority of families affected by dementia.

With support from the community we are able to maintain these essential services for those who need them. Thank you again for your generosity and thoughtfulness.

Yours sincerely

Bill Northcote
